Wedding Photography Packages and Prices for South Florida

I love to work with couples who expect their wedding photography to be the very best. My style is easy-going, creative, and fun, and my photography is much more than "taking pictures." I work together with the bride and groom and together we create the pictures of your wedding. My commitment to quality goes with every wedding I shoot.

 - Guests sign directly on the matte. Signature Boards can be used as an alternative to traditional guest books or in addition to your guest book.
 - Package is \$225.00 when purchased separately.
 - You select up to six images and your selected images are professionally enhanced and touched up as needed. You receive 16x20 signature matte as shown above. Several styles available
 - Engagement packages include a photo session with your proofs displayed online. You receive your selected images on copyright-free CD sized to print as 4x6. In addition, your selected images will be submitted via email to whatever newspapers you select at no additional charge. Frame is not included with matte
 - If you want to include prints with your invitations, the price for 50 or more of the same print (4x5, 3.5x5, 4x6, or wallet) is just .49 cents each for color balanced prints on professional Kodak paper or matte finished black and white.
-

Miscellaneous Terms, Conditions, & General Information

Payment is accepted by VISA and MasterCard, personal check, cash, and PayPal

HOW TO BOOK YOUR WEDDING DATE Payment & Terms: A deposit of \$350 is required to book your wedding package. Dates will not be held or secured without payment of a deposit. Dates are often booked well in advance so there is no guarantee how long a certain date will remain open. A payment of 50% of the remaining balance is due 30 days before the date of your wedding and the remaining balance is due on or before your wedding date.

Area of Service & Travel : For wedding Collection 2 and higher there is no travel charges for weddings within a 60 mile range (120 mile roundtrip) of the Broward, Miami Dade and Palm Beach Counties. Travel cost for Fort Myers area is generally \$125, Naples \$175, Orlando \$200. Weddings which require an overnight stay or commercial travel will have additional travel charge. You will be given an exact quote of any travel fees before you book your wedding.

Sales Tax Prices listed on this page do not include sales tax. Sales tax will be added to all purchases.

Photography Coverage: When planning the amount of coverage for your wedding, "hours of photography" begins when the first photos are taken and continues for the entire time while the photographer is on site. Additional hours of coverage may be purchased with any package at the rate of \$40 per half hour, \$75 per hour. Eight hours is generally enough time to capture everything, from the bride getting ready to the reception. But if events are more spread out than normal, you might want to consider additional time.

Additional Coverage & Rehearsals: If you are interested in having your rehearsal photographed you should indicate this when you book your date so the time slot can be held open. Rehearsal coverage is generally \$175 if combined with a wedding package, plus any travel charges if applicable.

Shipping: If you are in the Coral Springs area you may pick up your prints in person and there is no shipping charge. If you wish to have your prints or album sent by US Mail or UPS you will be charged for the cost of shipping. Wedding prints can currently be sent to any US address for about \$9 Priority mail and albums are roughly \$15.

All prices are subject to change and packages shown on this page may change at any time. Any price or package changes after you book your wedding will not affect your wedding. You are guaranteed all prices that are in effect at the time you book your wedding date.

All items included in your package must be redeemed within six months of your wedding. All items that are included in your package, including album and print allowance, must be ordered and redeemed within six months of the date of your wedding. Any remaining or unused allowance will expire six months after your wedding.

Photo CD CD will include all of the pictures provided to you as printed proofs. All of the images provided to a client on CD may be reproduced, distributed, or printed by the client without restriction and without credit or additional payment to the photographer. The photographer may also use the images for promotional or advertising purposes. Photos on the CD are high resolution (300 dpi) which is the most common resolution for commercial printing. Images will generally be sized the same as your proofs, either 4x6 (the most popular) or 4x5, (upon request). With Wedding Packages 3, 4, and the Deluxe Package you will also be provided (upon your request) with up to 20 selected images in any size that you wish. All of this can be confusing if you are not familiar with working with high digital images and prints - the best thing to do is to

just explain what you want to do with the images and we will work out a solution to meet your needs.

Printing from your Photo CD: The JPG files on your photo CD are the exact same files used for your 4x6 wedding prints. There is no guarantee, however, that prints you make yourself or have printed from these files will look exactly like the prints that are provided to you in your wedding package. Color, clarity, brightness, overall quality, will vary depending on where the prints are made. These differences are due to inconsistencies in the way that different photo printers will interpret the color information in the JPG file. Low cost print houses (Wal-Mart, Costco, Walgreens, etc) can often produce good quality prints but the color and overall quality will vary with each different printing machine and the way it is calibrated and maintained. To get the best results you should print the images with all automatic enhancement features turned off. The files are already color balanced and edited for the best appearance. If the software at the printer tries to enhance what has already been enhanced, you may get prints with inaccurate color and tone. The best advice, if you are having many prints made from your CD at a particular photo printer, is to have one or two prints made and compare them to the original prints provided by Donavon Photography. If you are satisfied with the prints then go ahead and get the remainder. If you are not satisfied with the results then talk with the print manager or try another location.

Online Wedding Gallery: All wedding packages include an online gallery of your wedding pictures so that you can easily share your wedding with friends and family worldwide. Web galleries are normally online within 10 days of your wedding. Following your wedding you will receive an email with a direct link to your wedding pictures. The images in your gallery will be optimized for web viewing and not for printing. Images in the web gallery are set so that they cannot be downloaded. Individuals can also contact the photographer directly to purchase any of the images in your web gallery or directly online at www.donavonphotography.com. You may use the images from your web gallery in personal websites or community websites, such as Face Book. Your web gallery will remain online for approximately 6 months.

Designing your Wedding Album: There are two ways to go about the design of your album (1) I creatively design the album myself or (2) you look through your 4x6 prints and send me a list of photos you want in the album. Either way works fine and your album will be online as it comes together and we will be in touch by email or phone and you can make suggestions or changes as the work progresses. Whether I design the album on my own or if you provide a list of shots to include, the costs of designing the album are included in the package price.

Black & White Prints: In general, any image can be printed in color or black and white. But the best black and white prints will result when the photographer knows in advance that certain images are intended for black and white printing. If you want your package to contain black and white or sepia toned prints just let me know in advance.

Comment on minimum number of wedding prints : My style of photography is such that I take a large number of photos. In most cases the bridal couple will receive more 4x6 prints than the minimum number specified for their package. There is no charge for these additional prints and you can make the decisions about which ones to place in your album. Any additional prints will also be included on your photo CD.

Creative Techniques: There are wide range of creative techniques that can be applied to your photographs, subtle changes in color or toning, mixtures of black and white and color, and other artistic techniques. If you are searching for a certain "look" we can discuss the options available. There is generally no additional charge for creative techniques used with the wedding albums in Wedding Collections 2, 3, 4.

Wedding Albums provided with the packages shown above are professional high quality bound albums. Prices for additional album styles are available upon request.

Destination Weddings: I am available for travel worldwide. _

Print Allowances & Purchasing Additional Wedding Prints

All Wedding Collections include a package of enlargements. All prints are commercially printed on Kodak Professional paper; canvas prints may not be purchased with the wedding print allowance. Additional enlargements or reprints may be purchased at the following prices.
